SOFTWARE EXPERIENCE

Common practices:

- Git and Github were used for version control
- Backends were built with RESTful APIs
- Troubleshooting bugs included conducting research via Google and Stack Overflow as well as requesting feedback from peers and mentors

Projects:

- [GrubClub](#)
 - An application that allows the user to manage their planning for Potlucks they are either hosting or attending.
 - Utilized: ReactJS, Express, HTML, CSS, Bootstrap, Express, MongoDB, Mongoose.
- [devHead](#) (group project)
 - We built a developer-focused social-media application that allows the user to manage a list of posts. As the Scrum Master I used Trello to define clear goals and manage our daily workflow.
 - Utilized: ReactJS, Express, HTML, CSS, Bootstrap, Express, MongoDB, Mongoose.
- [Whim Vim](#)
 - An application that allows users to manage a list of their favorite hobbies.
 - Utilized: JavaScript, HTML, CSS, Bootstrap, Express, MongoDB, Mongoose.
- [Tika-Taka-Toe](#)
 - A tic-tac-toe game with authentication that allows the user to sign-up, sign-in, and play against themselves or with a friend.
 - Utilized: JavaScript, HTML, CSS, Bootstrap

ADDITIONAL EXPERIENCE

WORDSEARCH BIBLE SOFTWARE | AUGUST 2015 - OCTOBER 2020

Sales and Support Supervisor | August 2019 - October 2020

- Promoted to lead a team of seven Sales Agents and four Technical Support Representatives.
- Conducted both team and one-on-one meetings to effectively communicate goals and identify issues.
- Provided operational support by troubleshooting internal system issues and ordering new equipment as needed.
- Developed and implemented new sales and end-user support processes.
- Assisted the Marketing Team with formulating new strategies and managing our social media accounts.

Project Manager | October 2017 - July 2019

- Promoted to assist both the Sales and Support Team Manager and the Academic Team Manager.
- Assisted the Sales and Support Team by handling elevated customer inquiries, processing special order requests, contacting customers with delinquent accounts, and overseeing employee scheduling.
- Supported the Academic Team by filing expense reports, analyzing institutional textbook lists, and beta-testing software updates.

Project Coordinator | October 2016 - September 2017

- Promoted to assist the Sales and Support Team Manager by analyzing call metrics, sales numbers, and product pricing.
- Exhibited our software at trade shows to prospective customers.

Customer Support Specialist | August 2015 - September 2016

- Resolved end-user inquiries for our web-based eBook software. by troubleshooting issues via phone, email, live chat, and screen-sharing.
- Other duties included payment processing, data accumulation, and providing the Software Development Team with pertinent customer feedback.

PROGRESSIVE INSURANCE | FEBRUARY 2011 - MAY 2015

Claims Contact Representative

- Managed inbound calls from customers who wanted to initiate an auto insurance claim or already had one in progress.
- While completing detailed incident reports, addressed upset customers with a steady tone that reflected a caring, positive, and empathetic energy.
